Important Information

This Information Memorandum and Terms are dated 1 March 2022.

OTG Capital Pty Limited ABN 64 605 573 948, CAR No. 001250963 (**OTG Capital**) has prepared and issued this Information Memorandum and Terms.

AMAL Trustees Pty Limited (**AMAL** or the **Trustee**) is the trustee of the Trust and the issuer of the Class A Units in the Trust.

Apart from being named as the trustee of, and issuer of units in, the Trust, the Trustee takes no responsibility for the contents of this Information Memorandum and Terms. To the maximum extent permitted by law, the Trustee expressly disclaims and takes no responsibility for any part of these Supplemental Terms other than the references to its name. None of the Trustee, nor OTG Capital guarantees the repayment of capital or any particular rate of capital or income return.

The Trustee has consented to be named in this Information Memorandum and Terms as trustee of the Trust in the form and context in which it is named.

This is an important document and you are encouraged to read it carefully. Because it does not take into account your personal circumstances, you are encouraged to seek professional advice before investing. This Information Memorandum and Terms are not intended to be a recommendation by OTG Capital, the Trustee or any of their associates or any other person to invest in the Trust.

Before you start

To invest in Class A Units relating to investments held in the OTG Capital Asset Backed Investment Trust, you must:

- ① Read the information memorandum and terms (Information Memorandum) issued by OTG Capital Pty Limited (OTG Capital Pty Limited or the **Investment Manager**) dated 1 March 2022
- ① Seek professional advice before investing and
- ① If you are satisfied you wish to proceed to invest in Class A Units in the Trust, complete the application pack contained in this IM in full and return it to us, together with all supporting identification documentation and applicable certificates.

Please note:

- ① Supply of Tax File Numbers (**TFN**) is discretionary. It is not an offence if you decide not to supply your TFN. If you do not supply your TFN, however, tax will be deducted from your income earned at the highest marginal tax rate (plus Medicare levy) and forwarded to the Australian Taxation Office. These deductions will appear on your statements.

- ④ Joint applications must be signed by all applicants. Joint investments will be deemed to be held as joint tenants.
- ④ Applications under Power of Attorney must be accompanied by a certified copy or the original of the Power of Attorney with specimen signatures.

The minimum initial investment in Class A Units in the Trust is generally A\$25,000 and additional investment is generally A\$10,000. The Investment Manager may vary these minimum investment amounts from time to time and the Terms may specify other minimum investment amounts.

All investors will need to qualify as a wholesale client (as the Corporations Act defines this).

Any interest on applications monies received is credited to the Trust generally.

Application monies should be received by electronic funds transfer to:

Bank	Commonwealth Bank
BSB	062 000
Account	1940 4685
Account Name	AMAL Trustees Pty Ltd ATF OTG Capital Asset Backed Investment Trust -Applications Account

All EFT payments must be accompanied by a notification email to info@otgcapital.com.au in order to ensure that the investor account is properly credited. Cash and cheques are not accepted.

Applications are processed the next business day subject to completion of the “*Know Your Clients*”, “*Anti-Money laundering Legislation*” and “*Politically Exposed People*”, (KYC/AML/PEP) requirements. All applications must be completed online, and we must receive all your uploaded documentation and cleared funds in order to process your application by that time. This includes an Accountant’s Certificate confirming wholesale/sophisticated investor status. An example letter is attached to this Information Memorandum.

To fill out our online application form visit our website at www.otgcapital.com.au and click on the “Invest Online” button in the footer section of the website or visit <https://www.registrydirect.com.au/offer/OTG-Capital-Asset-Backed-Investment-Trust/>.

If you wish to fill in a paper Application, please contact us.

How do you qualify as a wholesale client?

If you are applying for A\$500,000 or more, you'll be automatically deemed wholesale client and no additional documentation is required.

If you are investing less than A\$500,000, the easiest way to establish that you are a wholesale client is to arrange for your accountant to provide an accountant's certificate certifying that:

- ① the Investor themselves has the **Required Net Assets** or the **Required Gross Income** OR
- ① together with any trusts or companies the Investor controls, the Investor has the Required Net Assets or the Required Gross Income OR
- ① the Investor is a trust or company controlled by a person who has the Required Net Assets or the Required Gross Income.

A sample of an Accountant's Certificate is contained within this Information Memorandum.

Required Net Assets means net assets of at least A\$2,500,000

Required Gross Income means for each of the last two financial years, at least A\$250,000 a year.

There are other ways that you can qualify as a wholesale client, including:

- ① based on your investing experience (the 'professional investor' exemption) – OTG Capital has an Adviser's Certificate that you can arrange to be completed to attest to this – contact OTG Capital for a copy
- ① you hold an Australian financial services licence or
- ① provide a statutory declaration that you meet any of the other categories of wholesale client. These include that you:
 - are a person regulated by the Australian Prudential Regulation Authority (other than a trustee of a superannuation fund, an approved deposit fund, a pooled superannuation trust or a public sector superannuation scheme)
 - are a trustee of a superannuation fund, an approved deposit fund, a pooled superannuation trust or a public sector superannuation scheme within the meaning of the *Superannuation Industry (Supervision) Act 1993* (Cth) with net assets of at least A\$10 million
 - control at least A\$10 million for the purposes of investment in financial products (including any amount held by an associate or under a trust that the investing entity manages)
 - are a manufacturer and employ 100 or more people
 - the investing entity is not a manufacturer but employs 20 or more people or
 - are a listed entity, or a related body corporate of a listed entity.

Please contact OTG Capital if you need assistance in providing the appropriate documentation to certify that you are a wholesale client.

Regular Information

Following acceptance of your application, you will be sent an application advice. You should check the details on the advice carefully and contact OTG Capital if you have any questions or if you need any amendments made to correct an error in your investment account.

Additional Investment

The minimum amount for further investments is generally A\$10,000.

To invest more, use the **Additional Investment Form** available from OTG Capital.

Originals and emails are accepted for additional investments.

You need to pay for your additional investment by electronic funds transfer. All EFT payments must be accompanied by a notification email to info@otgcapital.com.au in order to ensure that the investor account is properly credited.

You will receive confirmation when your additional application is accepted. If sending applications by email, you accept full responsibility for any loss arising from the Investment Manager and/or Trustee acting upon emailed/scanned instructions and you agree to release and indemnify each of the Investment Manager and/or Trustee in respect of any liabilities arising from us acting on emailed/scanned instructions, even where such instructions are not genuine.

If you have any questions

If you have any questions about any matter relating to Class A Units in the Trust, please telephone the Investment Manager, OTG Capital or the Trustee as appropriate. Refer to the **Corporate Directory** on page 3 of this Information Memorandum.

Neither AMAL nor the Investment Manager are able to provide you with any tax or professional advice in respect of FATCA, the IGA, the CRS or domestic tax legislation and we encourage you to seek the advice of a tax or professional advisor in relation to completing the tax sections of the application pack.

About OTG Capital

OTG Capital is a boutique fund manager specialising in wholesale commercial lending, see www.otgcapital.com.au. We work with established lenders in the field with extensive experience in the finance industry and specifically in the B2B lending arena.

As trustee of the Trust, the Trustee is ultimately responsible for the operation of the Trust in accordance with the Trust's constitution, the Corporations Act and trust law. The Trustee has appointed OTG Capital as investment manager of the Trust to invest the assets of the Trust in accordance with the trust deed of the Trust and in a manner consistent with the investment mandate outlined in the Information Memorandum and Terms.

Benefits of Investing in Class A Units in the Trust

OTG Capital considers that an investment in Class A Units in the Trust provides a number of benefits:

Competitive Return

The Trust invests directly, or indirectly through other investment vehicles, in short-term loans that vary between 3 to 24 months (but they are usually between 6-12 months). These loans are expected to provide returns to investors that are higher than bank mortgage rates, cash management trusts or other short-term fixed interest securities, bank bills or term deposits. The income return to investors is affected by the general level of interest rates in the economy, as the general level of interest rates in the economy impact the interest rate that wholesale lenders can charge their borrowers.

Income Returns and Distribution

OTG Capital aims to provide monthly distributions which are generally paid into your nominated account within 14 working days after the end of the month or re-invested back into the Trust if you have selected the reinvestment option.

Ability to Withdraw

While there is no automatic right to withdraw from the Trust (as the Trust is **not an “at call” facility, nor is it a liquid scheme**), investors can apply for withdrawal of part or all of their investment and OTG Capital will aim to return the funds generally within 45-60 business days depending on the Trust’s liquidity at the time of the withdrawal request. We anticipate the Trust’s investment timeframe of up to 2 years is usual, as an investor you are able to invest for as long or as short as you wish, there are no restrictions on your investment time.

Experienced Management Team

OTG Capital draws upon over 22 years of investment and management experience in the business sector and the experience of the Trustee and their team. Ray Trevisan is the Managing Director of OTG Capital. He has extensive experience in business, management in both public and private sector organisations, holds a Masters Degree in public management from the University of Technology, Sydney, and is a Graduate of the Australian Institute of Company Directors. He is a Responsible Manager and Licensee within his own Australian Financial Services Licensee business (Dirigere Advisory – AFSL-524371 – www.dirigere.com.au).

Ray established OTG Capital to expand the reach of this investment vehicle. He is a Director of OTG Capital, the Investment Manager, and is responsible for the day-to-day investment management of the Trust as well as implementing the Trust’s long and short-term plans in accordance with the approved investment strategy in conjunction with the Trustee.

OTG Capital also draws upon the experience of a well rounded advisory team that includes

- Audit
- Investment Committee
- Information Technology support
- Accounting
- Trustee Services
- Operations/Registry Support

Co-Investment Position

You can draw additional comfort from our own Fund Manager’s co-investment position that places between 5-25% of our own funds in the same investments that our clients are participating in. In this way, together with our “first loss position”, where OTG Capital’s Fund Management will take losses ahead of our investor clients, ensures your interests are our interests at all times.

Terms – Class A Units

These terms (**Terms**) apply to the Class A Units. These terms are contained within this Information Memorandum. To the extent of any inconsistency, these Terms prevail.

Risks	<p>Default by borrower</p> <p>This is the risk that a borrower may be unable to or fail to pay interest on a loan when due or fail to repay the loan at the time required under the mortgage. In addressing this risk, OTG Capital ensures that all new commercial loan investments satisfy OTG</p>

Capital's investment policies which include investing in commercial loans secured by 1st and 2nd ranking mortgages. In case of 2nd ranking mortgages, loans are only advanced once a caveat is registered over the security property, and then an arrangement for a 2nd ranking mortgage is put in place with the agreement of the 1st ranking mortgagee.

Overstated valuation

This risk may arise where the sale of a property is insufficient to repay the loan in full. OTG Capital loan investment policies and procedures ensure that a valuation is always obtained before a new loan investment is made. OTG Capital adheres to conservative Loan to Value Ratios (LVR's) (which may vary across loan investments). The valuation is conducted by a panel of reputable valuers who are appointed and reviewed by the wholesale lender.

Litigation and documentation risk

Any lender faces this risk when it takes legal action to enforce the mortgage by the sale of the security property. Borrowers may defend the enforcement of proceedings successfully in whole or in part, which may impact the value of proceeds received from the sale and thus have a detrimental effect on the relevant syndicate. The Trust's wholesale lender will seek to mitigate this risk by working within a conservative LVR and ensuring it has industry standard legal documentation in place at all times.

Documentation risk is higher in the case of 2nd ranking mortgages. The registration of 2nd ranking mortgages can sometimes prove problematic as consent of the 1st ranking mortgagee may be withheld or laws in certain Australian states do not provide an automatic right of registration with the relevant land titles office. The Trust's wholesale lender seeks to minimise this risk by ensuring that adequate recovery options are available prior to settlement of every loan.

Security documentation is held by an external custodian until the loan is fully repaid. OTG Capital is also conscious of staying abreast of legal developments and is advised in relation to legal and regulatory developments.

Inadequate Insurance

This risk may arise where the property secured by the mortgage is damaged or destroyed and no, or inadequate, insurance is held. The Trust will only invest in commercial loans offered by wholesale lenders whose procedures include ensuring that all properties are adequately insured at all times during the term of the loan. Each wholesale lender is authorised under its AFSL to advise and deal in general insurance. As such, each wholesale lender has the discretion to insure properties on behalf of the Trust where this may become necessary as a risk-management measure to protect the Trust's underlying investment.

Decline in Property Market

Property market risk is the risk that downward movements in the property market may impact properties securing the Trust's underlying debt investments. This in turn may impact on the wholesale lender's ability to fully recover the total amount outstanding on the loan, including principal, interest and costs of sale, from the sale of the property. Such a fall in value could mean that, in the event of a default, the proceeds of realization of the security may not be adequate to meet the repayment of the amount outstanding amounts due on the loan. The wholesale lender will seek to manage this risk by strictly complying with its lending and LVR guidelines, which are regulatory monitored and take into account current market conditions. This risk is also mitigated by the short duration of the loans the Trust invests in, with the majority of loans approved for terms no longer than 12 months.
